Background

One might easily get the impression that the GMP world is continuously turning faster. Laws, regulations, and especially GMP requirements of the EU are constantly renewed, modernised and (allegedly) adapted against each other. The effects of the pandemic and the Brexit bring additional demands. To provide you with an overview is thus the goal of this webinar.

Educational Objectives

This webinar aims at giving you a comprehensive but still compact overview about the many innovations in the GMP area – those already realised and those planned:

- New developments in the EU, for example
 - Critical Medicines Act
 - EU-GMP Part 1, Chapter 4 (draft)
 - EU-GMP Annex 11 (draft)
 - EU-GMP Annex 22 (draft)
 - Brief update on the status of further EU guidance documents (including pharma package)
- News from FDA and ICH
- Outlook for 2026

Target Audience

The webinar targets executives and staff in the pharmaceutical industry, who want to get a compact but yet comprehensive overview of all recent changes in the GMP requirements.
