Dr Ulrich Kissel

Dear Colleagues,

The European Qualified Person Association (EQPA) has developed this Education Course for new and future Qualified Persons to address general compulsory and regulatory issues. It has been compiled by the EQPA Board of Directors to provide a general idea of the special tasks and responsibilities of a QP, but also to discuss and convey possible solutions to problems addressed in case studies and workshops. Further impacts of the latest developments, specific tasks and further discussions will be part of the annual QP Forum of the European Qualified Person Association.

Best regards,

Ulrich Kissel

Chairman of the European Qualified Person Association

## Objectives

Broaden and intensify your knowledge of the Qualified Person's duties and responsibilities. Experts from the EQPA Board of Directors, pharmaceutical industry and regulatory authority will share their experience on important issues of the QP's daily business and will give first-hand information on current and future expectations.

## Background

Over the last years the role and responsibilities of the Qualified Persons have been increasing considerably. As a key person in the company, the QP has to consider many issues and has to take up the challenges within its areas of responsibilities. Additionally, as laid out in Article 49 of the European Directive 2001/83/EC, the QP needs to be highly qualified and experienced. This education course is one important part to help the QP be on top of current developments in GMP and regulatory requirements.

## Target Audience

New and future Qualified Persons, QPs who are looking for ongoing training and personnel who want to get a detailed overview of the role and responsibilities of a QP.

## Moderator

Wolfgang Schmitt

# Pre-course Session: “Investigational Medicinal Products (IMP) QP Education Course” on 20 March 2019

## Objectives

---

This pre-course session provides a detailed overview of the specific characteristics in IMP manufacturing a QP must know to certify IMP batches for the release for clinical trials.

## Background

---

The manufacture of investigational medicinal products (IMPs), including labelling, packaging, testing and certification, is carried out in accordance with the applicable GMP regulations. However, this is not a routine process, since, among other things, manufacturing and packaging procedures might be different for each and every clinical trial. The Qualified Person (QP) must therefore take into account these particularities and the GMP/GCP interface.

## Target Audience

---

New colleagues becoming IMP QPs, QPs looking for continuous training and personnel of CROs and “non-commercial” IMP organisations.

## Moderator

---

Dr Susanne Ding

## Programme

---

### General introduction

- Different clinical phases I to IV, focus on patient safety
- Undefined processes (manufacture, fit for purpose control strategy, etc.)
- Why use risk assessments & how to apply – vital core of a IMP quality system
- Diversity: IMP manufacturers, start-ups, academia...

### Specific legal requirements for IMPs

- Clinical Trial Regulation EU No. 536/2014 and the “old” Annex 13 and Directives 2001/20/EC and 2003/94/C
- The “new” ATMP regulation

### GMP meets clinical trials – Differences between IMPs and commercial Products

- Packaging & labeling
- Randomization
- Blinding / placebos
- Comparators
- NIMPs / AMPs
- Where to apply validation activities
- The Product Specification File (PSF)
- 3rd country manufacture of IMPs: import and the QP Declaration

### Registration

- IMPD, CTA, IND etc.
- Regulatory compliance and the two step release procedure

### GMP meets GCP

- Interaction with clinical sites
- Distribution
- IRT

## About the European QP Association

---

The European Qualified Person (QP) Association was founded in July 2006 by the European Compliance Academy's (ECA) Advisory Board Members. With this unique association the ECA wants to provide QPs in Europe with a platform allowing them to exchange their experience, discuss the latest regulatory requirements, to identify and address difficulties and challenges and to support a harmonised European approach.

## Who can become member of the QP Association?

---

Only registered Qualified Persons in Europe can become regular members of the QP Association. Details about the registration of the QP will be required in the application form. Interested persons who want to become a Qualified Person can apply for an associate membership.

## How to become member of the QP Association?

---

To become member please fill in the membership application form available at [www.qp-association.eu](http://www.qp-association.eu). Membership is free.

## What are the benefits of the membership?

---

As a member of the European Qualified Person Association you can exchange your experience with other colleagues (e.g. by using the exclusive QP discussion forum), send comments on new Guidances and Directives to EU Authorities through the Association and join the annual QP Forum with a discount of 10%.
